

# På kryds og tværs med matematik 1

A crossword puzzle grid with various mathematical symbols and numbers. The grid is composed of black and white squares. The symbols and numbers are: a green circle, a red pentagon, a green square, a red triangle, a black circle with the number 8, a green cube, an orange traffic cone, a green leaf with the numbers 3, 12, 5, and an ellipsis, a red triangle, a green square, a plus sign, a minus sign, and a multiplication sign. The grid is set against a background of rolling green hills, a blue sky, and a small village with windmills and a house.

Skal vi ...  
dit æble?

Efter 6...

$3 \cdot 5 =$

$17 - 12 =$

$8 + 9 =$

Før  
13...
